

IT TAKES AN ARMY TO WIN A WAR!

Join NMPBC's Grassroots Contact Network and Help Us Fight for Your Business & Your Patients!

Powerful, well-funded interests work daily to cut your reimbursements, stifle competition and restrict your ability to enroll in networks and care for your patients. Important decisions on these vital issues are often made by elected and appointed leaders who may not know the facts or fully appreciate your value or challenges as a health-care provider.

The New Mexico Pharmacy Business Council is the new, focused advocacy voice for independent pharmacy in New Mexico. We are focused and motivated, but we cannot succeed without your support, starting with the relationships you have with your elected state leaders. No one has more influence with legislators than their voting constituents, so your involvement is critical:

- ▶ Can you testify effectively about the issues and challenges affecting community retail pharmacy in New Mexico?
- ▶ Can we count on you to call, email or visit your elected officials when key issues are up for a vote or discussion?
- ▶ Can we depend on you to use any relationships or influence you have with legislators to help us defend the interests of community pharmacy and our patients?

Please fill out the form below to send us your contact information, including an "anytime" phone number that rings directly to you. Thanks for your support – your involvement and relationships will be a vital contributor to our success.

(Please print clearly)
